WORK EXPERIENCE

Abstract – Fullstack Developer

Oct. 2024 – Present

- Developed **interactive proof-of-concept projects** and **3D experiences** using React, GSAP, and Three.js, focusing on **performance and user engagement**.
- Designed and transformed **original concepts into paid projects**, demonstrating expertise in **creative development and prototyping**.
- Implemented **advanced animations** and **real-time graphics**, enhancing **interactive design solutions**.

Notimation – React Developer

Oct. 2023 – Dec. 2024

- Contributed to the development of UiTool, an **AI-powered drag-and-drop web editor** for PWAs, **landing pages**, **email templates**, **payment gateways**, and **Open Graph customization**.
- Integrated **customizable AI chatbots** for cart and order management, streamlining the ordering process.
- Led a **4-member frontend team** to build **UiTrade**, a marketplace for designs and campaigns.
Responsible for **code reviews**, **repository maintenance**, and **architecture/workflow decisions**.

PERSONAL PROJECTS

LinkWorlds – A platform for creating customizable micro-websites using React and Node.js. Features dynamic themes, SEO optimization, and real-time analytics. Currently under development with the Abstract Team.
